

Participation in 6th EU-Japan Railway Industrial Dialogue

- JR East participated in the 6th EU-Japan Railway Industrial Dialogue held on 27 February 2017 in Tokyo.
- The EU-Japan Railway Industrial Dialogue is a meeting aimed at increasing opportunities to mutually participate in the EU-Japan railway market, to promote mutual understanding, and to provide opportunities for networking, bringing government officials, railway operators, and railway product suppliers, etc., together. JR East has been participating since the first meeting.
- At the 6th EU-Japan Railway Industrial Dialogue, JR East made a presentation to participants from the EU and Japan about JR East's latest rolling stock equipped with digital technologies and recent examples of procurement from overseas.
