# Numerical Targets (announced on April 28, 2017)

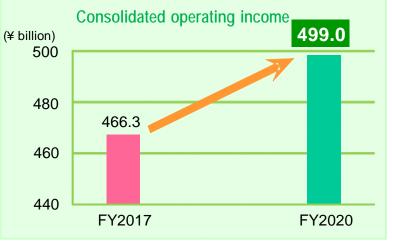

Guided by "JR East Group Management Vision - Ever Onward ", JR East will establish numerical targets that it will seek to achieve over the next three years. Those three-year targets will be reviewed annually, and will be revised to new targets for the next three years starting from the following fiscal year.

From the fiscal year ending March 31, 2018, JR East revised its reportable segment classifications to focus on operational headquarters in order to better enforce its management approach based on segments that carry out managerial decision-making. The breakdown of financial results for the fiscal year ended March 31, 2017 is shown based on these revised segment classifications.
