27 April, 2016 / **Lille, France** - *Hotel Carlton*

29 April, 2016 / **Milan, Italy** - *The Westin Palace*

The internationalization of procurement is a priority for East Japan Railway Company (JR East), which is looking for high-class products and technologies developed by European railway manufacturers.

JR East launched in February 2015 the first European Suppliers Tour.

The second Tour will focus on providing the latest information on **JR East's R&D strategy and procurement policy** in order to increase the uptake of the best European products and technologies.

In addition, JR East will also present the profile of its subsidiary rolling stock manufacturing company, J-TREC (Japan Transport Engineering Company), and its procurement of rolling stock, related components and spare parts.

Face to face bilateral meetings will be organized for those who are interested in addition to the plenary seminars.
