Inbound Tourism

[Promoting inbound tourism strategies]

Beginning of sales of *Welcome Suica* (September)

Beginning of sales of passes, etc. based on a strategic alliance with Ctrip, one of China's largest online travel companies (June: Commencement in China, September: Expansion into regions outside China)

Opening of website for rugby as a measure targeting the European, U.S., and Australian markets

*2 Aggregate of total sales volume at tax-free counters and tax-free sales at stores (In tax-free sales, the amounts corresponding to rent, etc., are the Company's earnings.)

▲An example from the rugby website 7

ESG ~Overview of Energy-Related Initiatives~

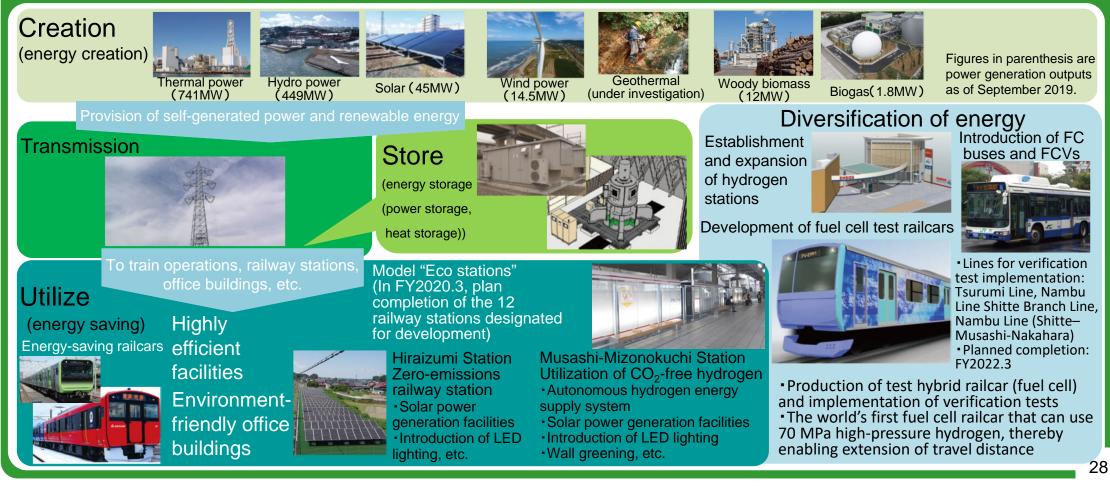

Environmental Goals with FY2031.3 as the Year for Attainment

FY2031.3 goals Category of environmental conservation activities Performance indicators Targets to be met by FY2031.3 Measures to prevent global warming Energy consumption from railway business activities 25% reduction (compared to FY2014.3) CO2 emission volume from railway operations 40% reduction*(compared to FY2014.3)

*Based on the assumption that power company emission factors will be 0.37 kg-CO₂/kWh in FY2031.3, we set goals which convert a 25% reduction of energy consumption into CO₂ emission volume.

Overview of Initiatives

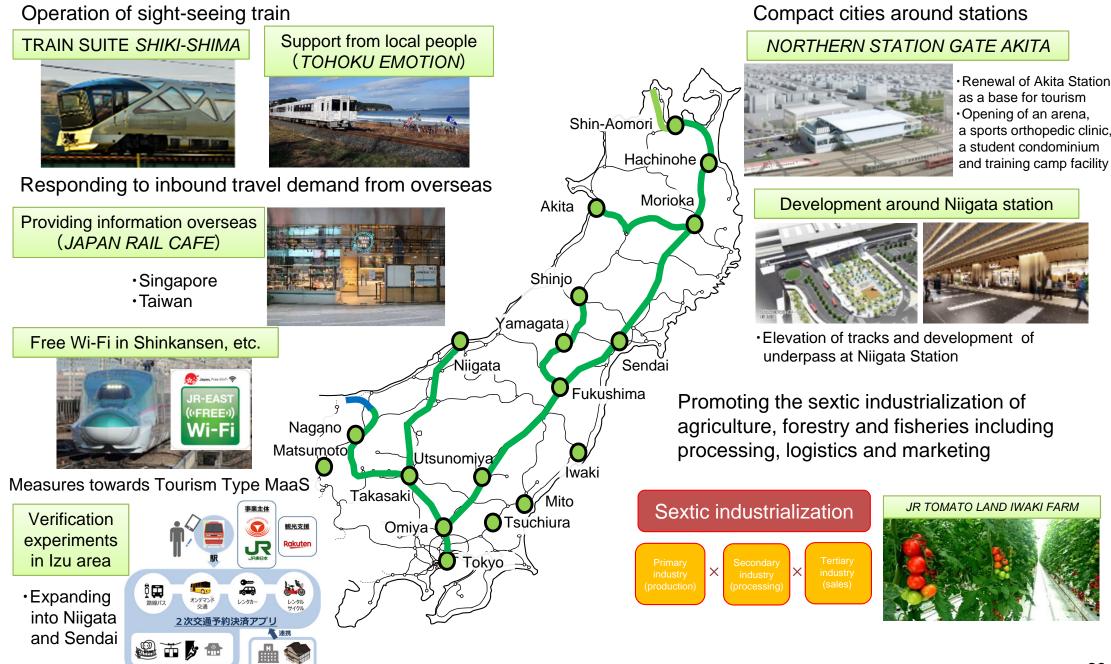

ESG ~Making regional areas more affluent~

宿泊施設

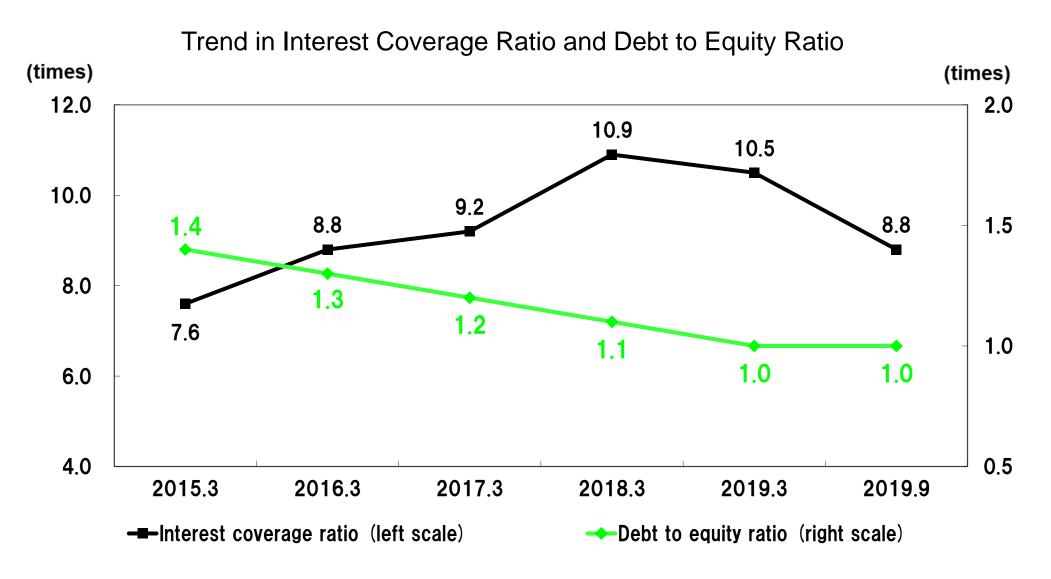

Net interest-bearing debt = Balance of consolidated interest-bearing debt – Balance of consolidated cash and cash equivalents
 EBITDA = Consolidated operating income + Consolidated depreciation expense

[Notes]

1) Interest coverage ratio = Net cash provided by operating activities / payments of interest

2) Debt to Equity Ratio = Interest-bearing debt / Shareholder's equity

Interest-bearing Debt Breakdown and Maturity Outlook

Additional Information for bond Investors

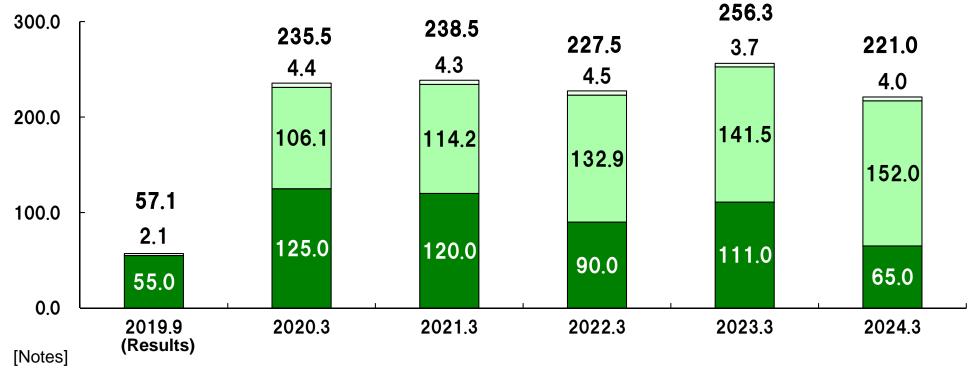

Breakdown of consolidated interest-bearing debt (As of Sep. 30, 2019)

	Balance (¥ billion)	Breakdown	Average interest rate	Average maturity
Bonds	1,715.2	54.3%	1.60%	12.39 years
Long-term loans	1,110.3	35.2%	1.05%	6.68 years
Long-term liabilities incurred for purchase of railway facilities	329.9	10.5%	6.49%	21.07 years
Total	3,155.5	100.0%	1.92%	11.29 years

Forward-Looking Statements

Statements contained in this report with respect to JR East's plans, strategies and beliefs that are not historical facts are forwardlooking statements about the future performance of JR East, which are based on management's assumptions and beliefs in light of the information currently available to it. These forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause JR East's actual results, performance or achievements to differ materially from the expectations expressed herein. These factors include, without limitation, (i) JR East's ability to successfully maintain or increase current passenger levels on railway services, (ii) JR East's ability to improve the profitability of railway and other operations, (iii) JR East's ability to expand non-transportation operations, and (iv) general changes in economic conditions and laws, regulations and government policies in Japan.
