• In the second quarter, although revenues increased due to the absence of the previous fiscal year's pandemic impact, they did not recover to the pre-COVID-19 level, and operating loss, ordinary loss, and net loss (loss attributable to owners of parent) were recorded for the second consecutive quarter on both a non-consolidated and consolidated basis.

• In light of the current situation, we have downwardly revised plans for the full fiscal year to non-consolidated loss of ¥152.0 billion and consolidated loss attributable to owners of parent of ¥160.0 billion.

•The dividend forecast remains unchanged (¥100.00 per share).

Strengthening Management Efficiency Fundamentally(2)

Advancing Driver-Only Operation and Autonomous Driving Technology

Advancing Driver-Only Operation

Introduced to 41 line segments as of April (Number of JR East lines: 69 line segments) Preparing to continue introducing to further line segments (including major line segments in the Tokyo metropolitan area)

Introducing Autonomous Driving Technology to Conventional Lines

Introduced and began using ATO devices on the Joban Line (local services) from March. Continuing to increase introduction to line segments

Conducting Verification Tests of Autonomous Driving Technology for Shinkansen

Conducting verification tests of the autonomous driving of not-in-service Series E7 trains between Niigata Station and the Niigata Shinkansen Rolling Stock Center on the Joetsu Shinkansen

Conducting Verification Tests for Autonomous Driving of BRT

Conducting autonomous driving test rides for the general public between Yanaizu and Rikuzen-Yokoyama on the Kesennuma Line BRT

Advancing Smart Maintenance

Introducing Autonomous Driving Technology

Tests of Autonomous Driving Technology for Shinkansen

Tests for Autonomous Driving of BRT

Electricity

In April, began monitoring overhead contact lines using data accumulated by East-i from conventional lines in regional areas

Railcars

Following on from the Series E235 for the Yamanote Line, in July began monitoring-based maintenance using Series E235 for the Yokosuka Line and Sobu Rapid Line

Completed the introduction of monitoring of track facilities, mainly to conventional lines in the Tokyo metropolitan area and intercity railway networks

Strengthening Management Efficiency Fundamentally(3)

Streamlining Facilities

Reducing facility-failure risk and maintenance work and lowering fixed costs by simplifying facilities to reflect to customer usage

removed)

Transportation Facilities

•Removing overhead contact lines and substation facilities, etc. to reduce maintenance work (at the same time, promoting efficient maintenance work by using the intervals between trains during daytime hours)

• Removing tracks, signaling equipment, etc. by converting to single tracks, etc.

ACCUM (accumulator railcar)

Series HB-E210 (hybrid railcar)

Overhead contact line

Rendering of streamlined transportation facilities (overhead contact lines

Advancing cashless and ticketless operations

Examining specifications carefully and considering reduction based on demand

Railway Station Facilities

- Revising the specifications of and reducing ticket vending machines and automatic ticket gates in anticipation of ticketless operations resulting from the shift to digital technologies
- Revising the specifications of and reducing facilities on platforms

- *2 Total amount covering five years from the fiscal year ending March 31, 2022 to the fiscal year ending March 31, 2026
- *3 Net interest-bearing debt means Balance of consolidated interest-bearing debt *minus* Balance of consolidated cash and cash equivalents. EBITDA means Consolidated operating income *plus* Consolidated depreciation expense.

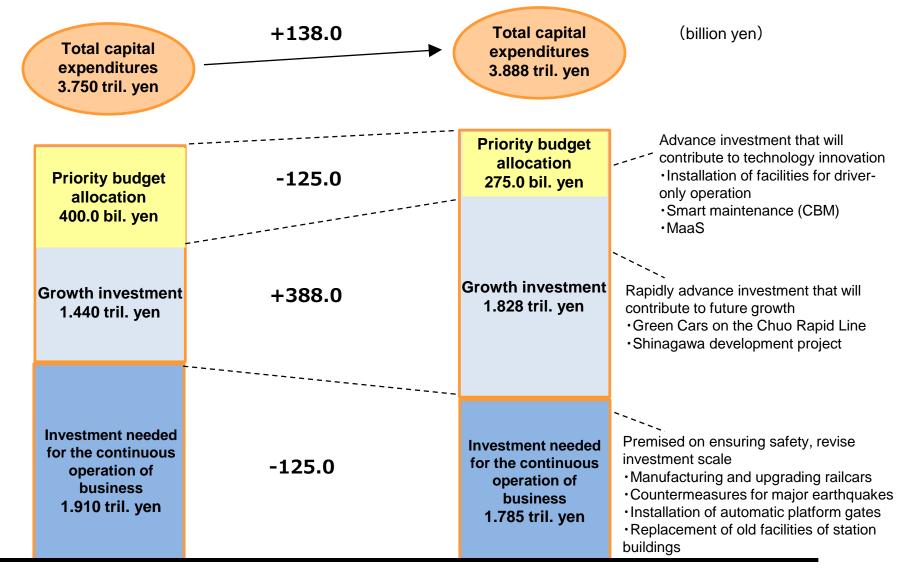

Expecting to achieve positive free cash flows in FY2024.3

Capital Expenditures Plan (consolidated)

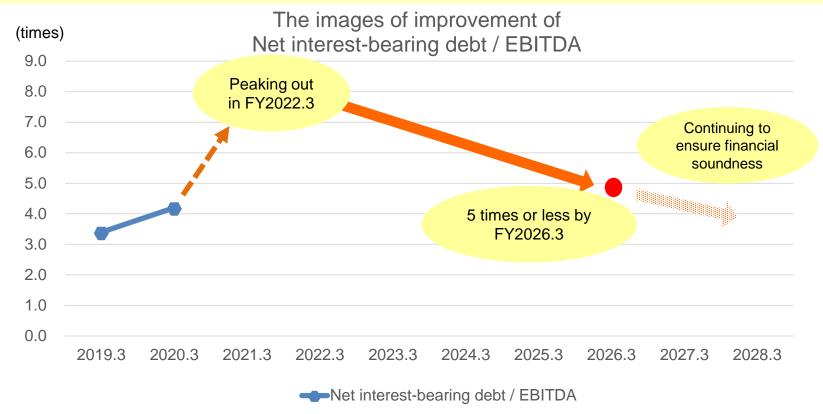

FY2019.3~FY2023.3

FY2022.3~FY2026.3

 Maintain the approach to interest-bearing debt set out in "Move Up" 2027 "Seek net interest-bearing debt / EBITDA of about 3.5 times over the medium to long term"
 Abovementioned ratio is going to rise to the FY 2022.3 temporarily. However, improve to 5 times or less by FY2026.3 and continue to endeavor to ensure financial soundness thereafter

*Net interest-bearing debt means Balance of consolidated interest-bearing debt *minus* Balance of consolidated cash and cash equivalents. *EBITDA means Consolidated operating income *plus* Consolidated depreciation expense.
