Under the Shinagawa development project, JR East has scheduled the provisional opening of a new railway station between Tamachi and Shinagawa stations for 2020. Further, through collaboration with the surrounding communities, JR East is proceeding with deliberations aimed at realizing the development of an internationally appealing town.

Recently, JR East began procedures with a view to determining a town plan for town infrastructure and other elements to be developed in advance. Going forward, with a view to receiving from the prime minister certification of this project as a national strategic special zone of the Tokyo metropolitan area, JR East will move forward with procedures, including deliberations by the city planning councils of the Tokyo Metropolitan Government and Minato Ward and the Council on National Strategic Special Zones.

Further, under this project, based on the Global Gateway Shinagawa concept, JR East will develop a town that enables innovative, internationally appealing companies and personnel to gather and create new businesses and cultures through diverse exchanges.

District planning for Area surrounding Shinagawa Station
Land Readjustment Project for Area surrounding Shinagawa Station
City Planning Road (Auxiliary Line No. 332)

Summary of City Planning (Draft)
District planning for Area surrounding Shinagawa Station
Land Readjustment Project for Area surrounding Shinagawa Station
City Planning Road (Auxiliary Line No. 332)

Summary of City Planning (Draft)

East Japan Railway Company
1. Formation of an International Exchange Hub through the Development of the Former Site of the JR Shinagawa Depot Railway Yard

Global Gateway Shinagawa

Developing a town that enables progressive companies and personnel from around the world to gather and create new businesses and cultures through diverse exchanges

Access to downtown Tokyo
Tokyo metropolitan area network
Access to highly appealing downtown areas

Gateway to the world
Accessibility of Haneda Airport Hub connecting Tokyo to the world

Japan’s terminal
Opening of Linear Chuo Shinkansen scheduled for 2027
Enhanced access to regions around Japan

Former site of JR Shinagawa Depot railway yard

Sengakuji Station

Tamachi Station

New Station (Plan)

Shinagawa Station

Access to downtown Tokyo

Tokyo metropolitan area network
Access to highly appealing downtown areas
2. City Foundation Development through Projects for the Development of National Strategic City Planning Buildings, etc. (Use of Special Provisions of the City Planning Act)

City foundation development

To move forward with the formation of an international exchange hub on the former site of the JR Shinagawa Depot railway yard and the development in stages of a town in the area surrounding Shinagawa Station, roads, parks, and other town infrastructure will be developed in advance, thereby forming blocks befitting a new international town.

District planning for area surrounding Shinagawa Station

A plan for the area will determine the future image for town development that aims to form an international exchange hub and the main public facilities and area facilities needed to realize the future image.

Land readjustment project for area surrounding Shinagawa Station

The areas of a land readjustment project will be determined in order to move forward with the development in stages of a town in the area surrounding Shinagawa Station and move forward with the development of roads, parks, and other town infrastructure.

City planning road (auxiliary line no. 332)

A city planning road connecting the new railway station to Route 15 will be established so that access road development coincides with the provisional opening of the new railway station in 2020.

---

**Town able to continue growing**

- We aim to create a town that can continue growing as an international exchange hub through interim use with a view to the 2020 Tokyo Summer Olympic and Paralympic Games and the subsequent opening of the town.

---

- Establishing future image for town development and developing infrastructure in advance
