

Creation of an event space in front of Takanawa Gateway Station

from the opening of the railway station in spring 2020 until beginning of September

- To coincide with the opening of Takanawa Gateway Station in spring 2020, JR East will use the site of the Shinagawa Development Project to create an event space.
- For the enjoyment of visitors from overseas and from other parts of Japan, JR East plans to establish an exhibition space that allows visitors to experience a futuristic town and railway station; offer experiences themed on food, music, and art; develop stores showcasing Japanese food, products, and experiences; and hold sports events.
- Part of the site in front of Takanawa Gateway Station has been selected to become a “Tokyo 2020 Live Site” venue under the “Basic Plan for Tokyo 2020 Live Sites and Public Viewings” which the Tokyo Metropolitan Government and The Tokyo Organising Committee of the Olympic and Paralympic Games announced on April 11, 2019.
