

Publication of FACT BOOK 2024 and Review of Disclosure Materials

- JR East aims to be a corporate Group with a strong sense of promoting “the good for all four sides (stakeholders),” and is committed to appropriate information disclosure.
- We have made a major revision of "FACT SHEETS," which discloses our Group’s basic information, and have enriched it with facts and data to be disclosed in a new “FACT BOOK,” which is available on the JR East website.
- We will continue to review the content of our disclosure materials to meet the needs of our various stakeholders and strive to help them understand our Group.

1. Publication of “FACT BOOK 2024”

As a new initiative starting in FY2025.3, we have defined strategies and KPIs for each segment and business, aiming to create cash flow (economic value) and contribute to addressing social issues through our business activities (social value).

The newly published “FACT BOOK 2024” is structured to include a business-by-business listing with enhanced facts and data. In this way, we will be able to provide our shareholders and investors, as well as a wide range of other stakeholders, with a better understanding of the Group's business.

2. Our Disclosure Materials

We review our disclosure materials from time to time based on the information disclosure needs of our various stakeholders. We position our main disclosure materials as follows and keep striving to make our disclosures easy to understand.

○ **JR East Group Report (Integrated Report)**

We integrate financial and non-financial aspects of our operations to convey a medium- to long-term perspective on how we will create value and grow as a Group by leveraging the various capitals and strengths of our Group.
